SUMMER FUN IN MACOMB COUNTY 2023 Great Start Macomb County | GreatStartMacomb.org | 866-462-2662

### Bring on the Sunshine!

This is your official guide to summer activities in Macomb County. We hope that this guide will provide your family with lots of fun places to visit. Also, look for the star symbol next to the list of locations and things to do. These are places where special needs learners are welcomed!

Please join us at our early literacy summer events: Talking is Teaching in the Park at 6 park locations around Macomb County.

Stay cool and have fun!

Parent Liaisons: Susan Ehlich, Kim Morales Parent Representatives: Christina Clarke, Alexa Ritter, Christina Noronha, Amanda Muysenberg, Sada Hermiz, Angela Gradinariu

# 2023 MACOMB COUNTY CRESCEOOL

### Head Start 586-469-5215

Federally funded program offering 2 options:

- Early Head Start (ages birth-3)
- Head Start Preschool (ages 3-5)

Support services for both programs that include disabilities, mental health, education, nutrition and family services.

### Great start Readiness program 586-228-3468

State funded preschool program for 4 year olds.

strong parent Invoivement component

High Quality Programs

- Half day and school day options are available.
- Some programs offer before and after school care.

### www.greatstartmacomb.org

### what will My child Learn?

These programs cover the key areas a child needs to be ready for kindergarten. Some of what your child will experience at these high quality preschools include:

- Listening and telling stories
- Recognizing and writing numbers
- Physical movement
- Singing songs and making music
- Cooperative play •
- Sorting, counting and matching •
- Learning letters and sounds ò
- Problem solving ò
- Personal care and healthy behaviors •
- **Building relationships** •
- Science .

### What is *Early On*®?

**Early On**<sup>®</sup> is a Michigan program for infants and toddlers, ages birth to three, who need supports and services due to a "developmental delay". Having a developmental delay means it takes a child a little longer to learn basic skills.

A child may have a developmental delay in one of the following areas:

- Thinking
- Moving
- Talking • Taking care of basic needs (such as eating and/or dressing)
- Hearing Responding to others
- Seeing
- Interacting with others

### Early On<sup>®</sup> Mission & Vision

Mission: Early On<sup>®</sup> builds upon and provides supports and resources to assist family members and caregivers to enhance eligible children's learning and development through everyday learning opportunities.

Vision: Infants and toddlers who are enrolled in *Early On*® reach their fullest potential, successfully transitioning to the next phase of life, with empowered and supportive families.

### What Does Early On® Look Like?

We know it isn't easy to raise a child who needs help. Early On® is designed to build on a child's strengths. Early On® emphasizes early identification and early referral to enhance the development of eligible infants and toddlers to minimize their potential for delay, and to recognize the significant brain development that occurs during a child's first three years of life.

Children learn best from their parents and caregivers in everyday activities like diapering, bathing, eating meals, dressing, shopping and playing with siblings. Early On® providers work closely with parents and caregivers by providing guidance and support on these everyday learning opportunities found in daily routines and activities.

**Intervention** = comes from the child's natural caregivers, who are usually parents and other caregivers. Parents and caregivers provide the most effective practice, encouragement, and guidance for their children.

Service = professional activities (coaching) from Early On<sup>®</sup> providers to ensure parents have interventions they can use all the time between visits, when a child's learning really happens.

In order to accomplish the goal of empowering and supporting families, *Early On*® providers use a coaching approach with families. Parents and caregivers know their children best and know what works best for their families; therefore, parents' knowledge and expertise are extremely valuable and needed.

In this coaching relationship, the provider and parent work together to develop goals and practice techniques that will help children achieve common goals. Regular discussions guide the direction of services and allow providers to ensure they are meeting the diverse needs of all children.

If you are a Macomb County resident and you are interested in scheduling a free *Early* On® evaluation for your child, or if you would like more information, please call the Macomb Intermediate School District's *Early On*® Program at 586-228-3321.

### More about ASQ-3.

ASQ-3 is a set of simple questionnaires trusted for more than 20 years to check child development. There are 21 ASQ-3 questionnaires for use with children from 1 month to 5½ years old (one questionnaire for each age range). Here are the five important areas of development that each questionnaire looks at:

- 1. Communication: Your child's language skills, both what your child understands and what he or she can say.
- 2. Gross Motor: How your child uses their arms and legs and other large muscles for sitting, crawling, walking, running, and other activities.
- 3. Fine Motor: Your child's hand and finger movement and coordination.
- 4. Problem Solving: How your child plays with toys and solves problems.
- 5. Personal-Social: Your child's self-help skills and interactions with others.

The "Overall" section asks you open-ended questions about your child's development and lets you weigh in with any concerns you may have.

### More about ASQ:SE-2.

ASQ:SE-2 is a set of questionnaires with a deep, exclusive focus on social-emotional development. There are 9 ASQ:SE-2 questionnaires for use with children from 1 month to 6 years old. Here are the seven important areas of development that each questionnaire looks at:

- 1. Autonomy: Your child's ability or willingness to self-initiate or respond without guidance (moving to independence).
- 2. Compliance: Your child's ability or willingness to conform to the direction of others and follow rules.
- 3. Adaptive functioning: Your child's success or ability to cope with bodily needs (sleeping, eating, toileting, safety).
- 4. Self-regulation: Your child's ability or willingness to calm or settle down or adjust to physiological or environmental conditions or stimulation.
- 5. Affect: Your child's ability or willingness to demonstrate their own feelings and empathy for others.
- Interaction: Your child's ability or willingness to respond to or initiate social responses with parents, other adults, and peers.
- Social-Communication: Your child's ability or willingness to interact with others by responding to or initiating verbal or nonverbal signals to indicate interests, needs, or feelings.

The "Overall" section asks open-ended questions about your child's social-emotional development and lets you weigh in with any concerns.

You'll only need 10-15 minutes to fill out an ASQ-3 or ASQ:SE-2 questionnaire. It's that quick and easy!

### How does it work?

- You can contact Help Me Grow at 1-866-4-Macomb or complete an online screen at www.greatstartmacomb.org.
- Complete a developmental or social emotional screen and a care coordinator will respond with a custom summary
  report and a free book!

### **Great Start Parent Coalition**

The Great Start Parent Coalition is an organization that represents the voice of the family, the child and their community. It's a group of parents, guardians, grandparents, and anyone else in a parenting role. We connect on a regular basis to plan and host meetings and fun events for families in Macomb County. It's our mission to assure a coordinated system of resources and support to help all Macomb County families provide a great start for their children from birth to age eight.

### Play a clapping game

Pat-a-cake, pat-a-cake, baker's man Bake me a cake as fast as you can. Pat it and prick it and mark it with a 'B', And put it in the oven for baby and me.

nt can Ne do at

### Hide and seek

Sit with your baby and a favorite toy. While the baby is watching, partially hide the toy under a blanket. If baby doesn't reach for it, tap the uncovered part or move the toy a little to draw attention to it. Allow your baby to play with the toy for a few minutes before hiding it again. Play over and over. As baby begins to find it more easily, completely cover the toy with the blanket.

today

### Play with a child-safe mirror

Help a child notice his/her reflection and name the facial features. "See your nose?" You can play peek a boo. Point out different body parts while you are looking in the mirror together; eyes, nose, mouth, hands, feet. Sing songs while watching in the mirror.

## OUTDOOR ACTIVITIES

**Make sailboats and race them.** Put water into a plastic kid's pool and race your handmade sailboats. Use only the natural wind power to make them go and see who makes it to the finish line first! Remember water safety with young children.

**Puddle jumping.** Nothing is more fun than getting to play outside when it's raining. Summer rainstorms don't always mean you have to head inside - put on bathing suits and rain boots and stomp in the puddles!

**Plant a container garden.** Many vegetables and herbs can be grown indoors or out inside containers. Let your children pick some varieties to grow and tend to them throughout the summer. It may even convince them to eat a vegetable if they know they grew it!

**Car wash.** Arm your kids with the hose, a bucket, soap and some sponges and set them to work washing the family car (and each other). Remember, children will often get tired before the car is clean.

**Dirt restaurant.** Kids love to play restaurant, and who doesn't love to play in the dirt? Send the kids outside with plastic cups and plastic spoons, a few dollar store dishes and see what kind of gourmet meals they come up with. They can make salads from leaves and flower petals, mud pies, and tree bark chicken. The kids can take turns making meals or being waiters and restaurant patrons. **Go for a hike, walk or bike ride.** Most towns have parks and areas that are perfect for this, but even if you have to make it a full day trip and travel a bit, this is a great activity. Pack a picnic lunch and plenty of fluids and enjoy some exercise.

**Oversized painting.** Tape several large sheets of paper together on the back side, and flip them over on the lawn. Fill a few containers with different colors of finger paints and give the kids a box of strange items to make their painting with. Try: spaghetti strainer, a balloon, a mop head, sponges, rain boots and any other objects you see lying around!

**Water painting.** Paint with clean paint brushes and a pot of water outside on walls, pavement, wood fences etc. The sun removes the evidence.

**Bubbles.** Just about every kid enjoys bubbles! Create your own bubble solution (see Fun Art Recipes). Pour solution into a shallow container with a wide open mouth and then use odd objects to create your bubbles. String, rubber bands, the spaghetti strainer, straws, slotted spoons and anything else you can think of to make some fun bubbles!

**Bubble art.** When the kids get tired of making bubbles, add a few drops of food coloring to the bubble solution and have them blow bubbles that pop onto white paper. The result will be an artistic masterpiece made from the rainbow colored bubbles!

**Sand art.** Use food coloring to color sand in zip-closure bags. Pour the sand on paper plates to dry before using. Once dry, glue to paper to make cards and art; or fill plastic containers with your sand art creations. **Make a sandbox.** For whatever reason, kids like playing in the dirt! You can make an inexpensive sandbox by filling a kid size plastic pool with clean dirt you dig up from your yard or from sand you purchase from the store. Fill with plastic trucks and plastic cups and let the kids go to town.

**Organize play dates.** If you live in an area where there are many children, you may be able to organize play dates, taking turns at each other's house. Set up some of the activities listed here for fun activities to do together.

**Create a racecar.** If you have miniature cars (hot wheels and others), it can be tons of fun to create elaborate race tracks in the dirt, complete with jumps, water pits and crash areas.

**Water games.** You can let the kids run through the sprinklers, wade in a kid's pool, spray each other with the hose, or play with a bucket full of water and plastic cups. They'll be creative with it; or they'll just get each other wet, but either way, they'll have fun doing it.

**Organize a bike parade.** Gather as many neighborhood kids as you can and have everyone decorate his or her bike or wagon like parade floats. Parade around the driveways or through a bike path.

**Collect cans and bottles.** Take your kids through the town and collect as many bottles and cans as you can. Return them to the store and give the kids the money to buy themselves a treat. It will take up an afternoon, give the kids exercise, and help the environment all at the same time. **Lemonade stand.** Turn your children into mini-entrepreneurs! Teach them how to figure out their profits by subtracting the cost of their materials and supplies from how many cups of lemonade they sell.

**Start a collection.** Seashells, rocks, old keys, fancy pencils, matchbox cars, etc. Starting a collection can be a lot of fun, especially if you can start with items you have around the house or can find easily.

**Make a nature display.** Go for a nature walk and collect items such as leaves, twigs, flowers, rocks, and acorns. When you get home, take a shallow box (a cereal box works well) and cover with plain white paper or the paper of a brown grocery bag. Cut the front of the box open, leaving a 1 inch border. Glue light weight items to the back inside of the box, and heavier items to the bottom.

**Have a campout.** You don't have to actually go anywhere to go "camping". Pitch a tent in the backyard, build a fire (if local laws allow), toast marshmallows and enjoy camping in the backyard.

**Set up an obstacle course.** Turn your backyard into an amazing obstacle course! Help your kids create a course from toys, bikes, and other things found in your backyard. Build the course with your child's age and ability level in mind.

**Build a rock garden.** For some reason, kids really enjoy rocks. Let them collect various rocks and arrange them in a nice garden. For added fun, they could paint the rocks.

**Make a slip n'slide.** Use an old tarp as a slip n' slide or buy one. The kids will enjoy this activity for a few hours on a hot summer day.

**Stargaze.** Take a blanket, a flashlight and an astronomy guide outside after it gets dark. See if you can find all the constellations.

### INDOOR ACTIVITIES

**Indoor camping.** Throw a sheet over your kitchen table and camp out underneath. You can sing campfire songs, make s'mores in the microwave, and pretend to go fishing. If you have a small pop-tent, it can be set up indoors temporarily and provide hours of entertainment.

**Make a puzzle.** Draw a picture or cut one from a magazine or cereal box. Cut it into puzzle shapes and then put it back together.

**Play volleyball.** Yes, you can play this version of volleyball inside. You just need a blow-up beach ball and your couch. Pull the couch into the middle of the room so you can stand on either side of it and use it as your volleyball net. (You could also drape a sheet over a couple of chairs to create your net).

**Newspaper basketball.** Roll a sheet of newspaper into a ball. Throw into an empty wastepaper or laundry basket. Add different size baskets or distances.

**Dance, dance, dance.** If you feel like you've been cooped up inside for too long due to bad weather or other reasons, put on some upbeat music and dance until you're too tired to dance anymore! The sillier you are, the better!

**Set up an obstacle course.** Turn your living room or basement into an amazing obstacle course! Let the kids create a course from toys and other things found in the house. Crawl under tables or chairs and slither through a tunnel made from couch cushions. Build the course with your child's age and ability level in mind.

monade

**Café Kids.** Let the kids create restaurant menus of items you have in your kitchen and then take turns taking lunch orders from each other (or you). Let everyone be the kitchen staff to prepare the lunches and then switch to become the customers who get to eat the delicious meals they've ordered!

Make your own board games. Playing board games is fun for all ages, but can get a little boring when you play the same games over and over. Spend some time creating your own board game with cardboard, crayons and other objects and then play! The real fun is the creation of the game itself, but you can play and save the game for future playtime as well.

**Draw mazes.** On paper, create mazes and let your kids try to get to the end point. If you have a hamster or guinea pig, create a maze out of cardboard and see if it can find the end of the maze.

**Start an activity co-op.** If you are good at arts and crafts, your friend is good at yoga, someone else knows gymnastics or plays an instrument, etc. - you could all get together and start an activity co-op. Once a week, each parent could host an activity at their home for everyone's kids. It's a low cost way to keep the kids involved in various activities.

Indoor picnic. Spread a blanket out on the living room floor and have an indoor picnic. The best part is no bugs! **Put on a talent show.** Let the kids practice their talents, create tickets and flyers to give to the neighbors, and invite everyone to watch their performance. Let the neighborhood kids participate in the talent show, too! You can hold it inside or out; and give every participant a certificate and a round of applause.

**Make a dream book.** Using magazines, let the children cut out photographs or draw pictures of things they'd like to have someday, places they'd like to go, careers they'd like to have one day and glue them into a dream book.

**Make holiday gifts for family.** Using various craft supplies, the kids can make photo frames, mini scrapbooks, and other items to give as gifts throughout the year.

**Room rearranging.** Let the children draw a new layout of their bedroom(s) on paper, and then help them move everything around to their new configuration

**Set up a net.** Put up a badminton or volleyball net, or create one from clothes line and a sheet. Use a blow up beach ball to play volleyball or get a badminton set from a yard sale and play.

**Soccer bowling.** Set up 10 empty soda cans or plastic bottles in a triangle or circle on a fairly level section in your yard or driveway. Give each child three tries to knock down as many "pins" as possible by kicking an inflated ball at them. Keep score like bowling.

Make fruit popsicles. Make your own fruit juice Popsicles with juice in paper cups and Popsicle sticks in them. Pop them into the freezer until they are frozen and then serve.

Act out your favorite book or movie. Get the family together and/or invite some friends over to help re-enact a fairy tale or favorite scene from a book.

**Treasure Hunt.** Hide a small treasure (a bag of candy, new game, stickers etc.) somewhere in the house. Then use Post-its® to write clues or pictures. Each clue will lead to another clue, until finally the last one will lead the children to the "treasure".

**Make music together.** Write song lyrics and come up with a melody. Record the tune on your computer, voice recorder or favorite electronic device as a special keepsake.

**Make your own musical instruments.** *Cymbals:* 2 saucepan lids; *Drum:* upside down saucepan and wooden spoon; *Maracas:* rice,

dry beans or pasta in an empty water bottle; *Xylophone:* jelly or pickle jars filled with different levels of water and a spoon; *Guitar:* shoe box without the lid and rubber bands around the box.

**Play store.** Either purchase a toy cash register from the store or set up a calculator at the check-out station. Make or buy play money, and spend an afternoon buying items and making change. You could even make a pretend check register and write checks, depending how old your children are.

**Collage Art.** Have your child cut out pictures from magazines or weekly ads and glue them onto paper to create a collage.

**Start a parent child book club.** Ideally, you could get a few kids around the same age with their parents to all read the same book and get together to chat about it. Make it a fun time together and create a craft or snack that relates to the story.

**Play school, restaurant, veterinarian, or florist.** If possible, plan a visit to see what happens in a school, restaurant, veterinarian's office or florist. Talk about what you see and hear. Take pictures that you can look at once you are at home. Gather the props you will need such as stuffed animals, pretend money, menus, paper and pencils.

**Keep a journal.** Have your children keep a journal. They can draw about what they did that day, or what they hope to do the next day. Ask your child to tell you about their picture and you can write the words.

**Toss a ball.** Have everyone sit in a circle. Every time someone gets the ball, she says a name of a state (or animal, or food, etc.) that starts with the next letter of the alphabet as the ball is thrown to someone else.

**Sink or Float.** Add water to a large container and collect a variety of objects from around your house (e.g. crayon, pencil, small toy, cotton ball, toy car, paper clip, coin, key, etc.) Have your child predict which ones will sink or float when placed in the water. Place the items in the water and watch what happens!

Puppet Play. Using a paper lunch bag have your child create a puppet. Add features using markers or crayons. You can also use materials you may have around the house such as: yarn for the hair, sticks for the legs/arms, buttons and stickers, etc.

**Cereal Necklace.** Have your child make a necklace using rainbow colored circle shaped cereal. String the colored cereal onto yarn/string. Talk about the colors that your child is using.

# BUBBLES!

0

### Giant Bubbles

-

- 2 cups dish soap (grease cutters are best) 3 cups water
- 1/2 cup light corn syrup

Gently mix, trying to avoid making bubbles on the glycerin if desired surface. The less bubbles on the surface, the stronger

ec

the bubbles will be.

# "No More Tears" Bubbles

1/4 cup baby shampoo 3/4 cup water 3 Tbsp. light corn syrup Gently mix together.	1 cup water 2 cups cornstarch food coloring Mix cornstarch and water. It will turn into a solid, but when you touch it, it will become a liquid. This is a great sensory activity. To make clean up easy in the summer, place bowls of ooblick and mixing spoons into a plastic wading pool outside. Children can sit inside the pool and play; clean-up is easy.
Family Fun Quida 2022	

### Fun Dough PLAYDOUGH 1 ½ cups flour ½ cup water food coloring (optional) ½ cup salt ¼ cup vegetable oil or a few drops of liquid detergent Mix flour and salt together in a bowl. Slowly, add water, oil (or detergent) and food coloring. Knead dough well and shape into several balls. Kool-Aid Play Dough 1 cup flour ½ cup salt 1 unsweetened Kool-Aid package 1 cup boiling water 1 Tbsp. oil Mix dry ingredients together. Add boiling water. Knead on floured board. Smells great! Store in an air-tight bag or container in the refrigerator.

Kool-Aid packets Water Paint Brush KOOL-AID Paper Small Cups PAIN Steps:

- 1) Pour Kool-Aid packets into separate cups 2) Add a tablespoon of warm water into each cup and stir well until dissolved 3) Lay down a tablecloth or towel to catch any spills
- 4) Give your child a paintbrush, paper and the cups of Kool-Aid to start painting!

It is important to share songs and rhymes with your children. Say and read nursery rhymes so that your child hears words that rhyme. Rhyming is the beginning of understanding that words are made up of smaller parts. Babies and young toddlers often have short attention spans, but rhymes and songs are perfect for quick sharing.

### If You're Happy and You Know It

If you're happy and you know it, clap your hands. If you're happy and you know it, clap your hands. If you're happy and you know it, Then your face will surely show it, If you're happy and you know it clap your hands.

Suggestions for other verses: stamp your feet pat your legs wiggle your ears

### This Little Piggy (can be done on fingers or toes)

This little piggy went to market. ~ touch and wiggle thumb This little piggy stayed home. ~ touch and wiggle index finger This little piggy had roast beef. ~ touch and wiggle middle finger This little piggy had none. ~ touch and wiggle ring finger And this little piggy cried, "Wee, wee, wee!" ~ touch and wiggle pinky

All the way home.

### The Itsy, Bitsy Spider

The itsy, bitsy spider Went up the water spout. ~ put finger to opposite thumb, pretend to crawl up Down came the rain ~ wiggle fingers from the top of "spout" down to lap And washed the spider out ~ move hands/arms across lap Out came the sun ~ hold hands interlocking making sun above your head And dried up all the rain, And the itsy, bitsy spider ~ show spider again going up Went up the spout again.

### Where is Thumbkin?

Where is Thumbkin? ~ Hands behind back Where is Thumbkin? Here I am. Here I am. ~ Bring right hand out from behind back with thumb pointed up How are you today, sir? ~ Move right thumb as if it's talking Very well, I thank you. ~ Move left thumb as if it's responding Run away, run away. Where is pointer? ~ Motions are repeated for each of the five fingers

# Fun & Games

### Head and Shoulders

(touch body parts while singing) Head, shoulders, knees and toes, knees and toes, Head, shoulders, knees and toes, knees and toes, Eyes and ears and mouth and nose,

Head, shoulders, knees and toes, knees and toes.

Ankles, elbows, feet and seat, feet and seat, Ankles, elbows, feet and seat, feet and seat, Hair and hips and chin and cheeks, Ankles, elbows, feet and seat, feet and seat.

Head, shoulders, knees and toes, knees and toes, Head, shoulders, knees and toes, knees and toes, Eyes and ears and mouth and nose,

Head, shoulders, knees and toes, knees and toes.

### Baa Baa Black Sheep

Baa Baa Black Sheep, have you any wool? Yes sir, yes sir, three bags full, One for the master, One for the dame, And one for the little boy who lives down the lane. Baa Baa Black Sheep, have you any wool? Yes sir, yes sir, three bags full.

### The Wheels on the Bus

The wheels on the bus go round and round, ~ *bend arms and make them go around like wheels* Round and round, round and round. The wheels on the bus go round and round,

All through the town.

The people on the bus go up and down ~ *sit up and down* Up and down, up and down. The people on the bus go up and down, All through the town.

### Other verses:

The wipers on the bus go swish, swish, swish. ~ use your hands as wipers back and forth The horn on the bus goes beep, beep, beep. ~ pretend to beep a horn The money on the bus goes clink, clink, clink ~ pretend to put money in The driver on the bus says, "move on back." ~ motion thumb over shoulder

Children are excited by books that speak to them and their experiences. They love familiar sights and stories, but they also love novelty and challenge. What follows are some suggestions of what to look for when you are choosing books for young children.

## 6-12 Months Infants 6-12 Months like:

Board books with photos of babies Brightly colored board books to touch and taste Books with pictures of familiar objects Small books sized for small hands

# 12-24 Months

### Younger Toddlers 12-24 Months like:

Sturdy board books they can handle and carry Books with photos and pictures of children doing familiar

things – sleeping, eating, playing Goodnight books for bedtime Books with only a few words on the page Books with simple rhymes or predictable text

# 24-36 Months

### Older Toddlers 24-36 Months like:

Books with board pages – but also books with paper pages Silly books and funny books Rhymes, rhythms, repetitious text – books they can learn by heart Books about children and families Books about making friends Books about food Books about animals Books about trucks Word books

# 3-5 Years

### Preschoolers 3-5 Years like:

Books that tell stories and books with information Books about kids that look like them and live like them – but also books about different places and different ways of living Books about going to school, books about making friends Books with simple toxt they can memorize

Books with simple text they can memorize Counting books, alphabet books, vocabulary books
